

Six Unity Plans Are In Bag

They Will go Into Effect at Midnight For Reorganization

WASHINGTON, Aug. 18.—(AP)—President Truman now has six of his first seven government reorganization plans in the bag.

The six will go into effect at midnight tomorrow. There probably will be no more reorganization action at this session of congress.

The Senate late yesterday approved the final two plans about which there was any controversy.

One, Reorganization Plan No. 2, transfers the U. S. Employment Service and the related Unemployment Insurance Service from the Federal Security Agency to the Labor Department.

The other, Reorganization Plan No. 7, transfers the Public Roads Administration, now in the General Services Administration, to the Commerce Department.

In both cases, the Senate voted down resolutions of disapproval—on No. 2 by a 57 to 32 vote, and on No. 7 by a 47 to 40. In both cases opponents would have been required to get a constitutional majority, or 49 votes, to have made the disapproval effective.

The Reorganization Act provides that a reorganization plan submitted by the president to congress will become effective 60 days after submission, unless disapproved by either house.

One Severe Setback

The Senate Tuesday handed Mr. Truman one of his severest setbacks of the session when it disapproved his Reorganization Plan No. 1 to create a new Welfare Department combining the functions of health, education and welfare.

The four other plans, in addition to Nos. 2, 7, assured of becoming effective are:

No. 3—Providing for reorganization of the Post Office Department at the top level.

No. 4—Transferring the National Security Council and the National Security Resources Board to the Executive Office of the President.

No. 5—Vesting administrative authority in the chairman of the Civil Service Commission.

No. 6—Vesting administrative authority in the chairman of the Maritime Commission.

Chairman Tydings (D-Md.) of the Senate Armed Services committee said the president's reorganization plan for military unification, submitted after the first seven, was nullified when Congress passed its own unification bill several weeks ago.

The bill paralleled the president's plan and the recommendations of the Hoover Commission in most respects.

One Dead, Three Injured In Highway Accident

KANSAS CITY, Aug. 18.—(AP)—A car struck a parked truck two miles east of Belton last night, killing a woman and injuring three other persons critically.

Mrs. Charles Harrison, 25, Raymore, Mo., was killed, the injured were her husband and Mrs. Homer Rorabaugh, Raymore. Mrs. Harrison was the mother of three small children.

No one was in the truck.

Convicted in Lonely Hearts Murder Case

Verdict to Pair Carries With it Death Sentence

NEW YORK, Aug. 18.—(AP)—Plump Martha Beck and her lover, Raymond Fernandez, were convicted of first degree murder today in the lonely hearts murder case. The verdict carries a mandatory death sentence.

Both defendants received the verdict stoically. Fernandez stood erect, his face displaying no emotion. Mrs. Beck rested her tail fingers on the defense counsel table.

The verdict was announced by a jury that had been kept in session all night on orders of the court. The court set Monday for sentencing and defense motions.

Near dawn, the jurors, on duty since yesterday morning, asked permission to go to bed. However, the court said it would not be convenient to grant the request and sent them back to their deliberations.

After the verdict was announced both defendants were instructed to sit down. Mrs. Beck stared at her counsel, Herbert E. Rosenberg and Fernandez glared at the still standing defense lawyer.

Polled The Jury

The jury was polled at the request of the defense and each answered affirmatively when asked if it was his or her verdict.

The 10 men and two women had been in almost continuous deliberation—except for three trips to the courtroom during the night for instructions—since Supreme Court Justice Ferdinand Pecora completed his charges last night.

Mrs. Beck, 29, and Fernandez, 34, had no rest during the night. They were kept in cells in the detention pen in the courthouse.

Fernandez and Mrs. Beck were convicted of slaying Mrs. Fay, 66, Albany, N. Y., widow, at Valley Stream, N. Y., in a scheme to fleece lonely women in mail romances.

The state charged that the killing was deliberate, and in his summation Edward Robinson, Jr., Nassau County, N. Y., assistant district attorney, told the jury the motive was "dead men tell no tales."

The verdict at 7:30 a. m. (EST) came 12 hours and 34 minutes after the jury received the case last night.

Justice Pecora dismissed the jury with thanks. He told them they had performed "an arduous service, a highly responsible service, one that you have acquitted yourselves of with generous devotion."

No Bad News In Kirk Report

WASHINGTON, Aug. 18.—(AP)—There was no bad news in Ambassador Alan G. Kirk's report on his conference at Moscow Monday with Premier Stalin.

The President said it was the usual courtesy call that an ambassador always pays on the head of a state.

He would not comment on what took place at the conference, but said Kirk reported fully to him.

A reporter asked if there was "Any bad news" in the report, and Mr. Truman replied in the negative. He did not elaborate.

Secretary of State Acheson said yesterday Ambassador Kirk mentioned Russian jamming of "Voice of America" broadcasts and lease settlement, in his talk with Stalin.

Gambling in Taverns Not Be Tolerated

Warning Given To Licensees by Liquor Supervisor

JEFFERSON CITY, Aug. 18.—(AP)—Gambling will not be tolerated in Missouri taverns, Covell R. Hewitt, state liquor control supervisor, announced today.

He said he had heard rumors that efforts were being made to install gambling devices in eastern Missouri retail liquor outlets. He issued a statement warning licensees their permits to operate might be suspended or revoked if liquor agents find gambling devices in their places.

Hewitt indicated the reports came from the St. Louis area and other parts of eastern Missouri. He declined to be more specific. He said he had received no reports of attempted gambling in the Kansas City area or in western Missouri.

So far, he reported, no liquor licensees have been cited for hearings because they have gambling devices.

"I just want to make it clear what our position is," he said.

Hewitt said he had not consulted Gov. Forrest Smith about his warning statement. But he said it was "in keeping with the policy announced by Governor Smith at the beginning of his administration."

Call For Reports

"All of the agents and inspectors of this department have been instructed to report to me all licensees having gambling devices or permitting gambling on premises covered by the licenses issued by this department," his statement said.

Such violators will be cited before me for hearings. In the event a licensee is found guilty, his state license will be suspended or revoked.

"The supervisor of liquor control will not tolerate gambling devices of any kind on licensed premises."

Hewitt said the warning is based on a liquor regulation (14-D) which bars all gambling devices where "the one who plays stands to win or lose money, trade checks, prizes, merchandise or any other consideration whatsoever."

The rule says the presence of any gambling device in a licensed place "shall create a presumption of a violation of this rule."

Asked whether pinball machines would fall under the regulation, Hewitt indicated that would depend on how they are used. He said he did not want to pre-judge the question until it is presented to him in a specific case.

During legislative debates last spring charges were made that Illinois gamblers were slipping across the Mississippi river to try operations in eastern Missouri.

Promotion to Col. Renfrow

WASHINGTON, Aug. 18.—(AP)—President Truman today nominated Col. Louis Huber Renfrow, assistant to Secretary of Defense Johnson, for promotion to the temporary rank of brigadier general.

A former assistant military aide to President Truman, under Maj. Gen. Harry H. Vaughan, Renfrow went with the National Defense establishment headquarters when Johnson became secretary. He is a close friend of Vaughan.

Renfrow formerly held a commission as a colonel in the dental corps reserve.

Choppy Seas Force Cuban To Boat in Channel Swim

CALAIS, France, Aug. 18.—(AP)—Jose Cortinas abandoned his attempt to swim the English channel today and returned to Calais after covering half the distance to Dover in six hours.

The 32-year-old Cuban left Calais at 12:45 a. m. this morning (5:45 p. m. CST, Wednesday). Earlier, it had been reported from Dover, on the English side of the channel, that fresh northeasterly winds had stirred up choppy seas in that area.

Dover headquarters for Shirley May France, 17-year-old Somerset, Mass., high school girl, announced that in view of the roughening waters she would not attempt her channel swim this afternoon.

If later forecasts are favorable, she may begin her swim at midnight, her advisors said.

Cold And Windy

Cortinas was beaten by the bitter cold and adverse winds that rolled heavy waves directly into his face.

When the boat that accompanied him returned to Calais, Cortinas was lying on the deck asleep, covered with blankets. His pete wife, Elida, stood over him.

The log of his trip

12:45 a. m.—Cortinas entered the water.

4:00 a. m.—Cortinas took his first food.

5:30 a. m.—He complained of the cold.

6:00 a. m.—He began suffering cramps.

6:45 a. m.—He was taken from the water.

The boat carried his food, a mixture of wine and caffeine.

Cortinas, who won the honor to make the channel attempt by winning a swimming competition sponsored by the Cuban government, arrived here without a trainer.

Cortinas had started swimming when he was 12 years old. He later specialized in distance events and holds two Cuban records for open sea swimming.

Corinas said "I'll try again in about two weeks."

Again Delays Attempt

DOVER, Eng., Aug. 18.—(AP)—Shirley May France's attempt to swim the English channel has been postponed for several days, her father announced today.

The 17-year-old Somerset, Mass., girl had planned to start the swim from Cap Gris Nez, France, to Dover this afternoon, but roughening of the water caused a delay. She is in Calais.

DENVER, Aug. 18.—(AP)—Uncle Sam's postal zone system is confusing to Roman A. Vargas, Jr., of the Philippines.

In answering a Colorado state publicity department advertisement in a magazine, he filled in the blanks this way: Name—Roman A. Vargas, Jr. Address—St. Paul Virac, Cataduanes, Philippines. Zone—Torrid.

Confirm Tom Clark And J. H. McGrath

Approval to High Bench Comes After an Attack

WASHINGTON, Aug. 18.—(AP)—Attorney General Tom Clark was confirmed by the Senate today to be an Associate Justice of the Supreme Court.

The vote was 73 to 8.

By voice vote, the Senate then unanimously confirmed without objection the nomination of Senator J. Howard McGrath (D-RI) to succeed Clark as attorney general.

McGrath's successor in the Senate will be named by Democratic Governor John O. Pastore of Rhode Island.

McGrath, who also is Democratic National Chairman, has said he will resign that post August 24.

Republicans cast the only votes against Clark.

Those who voted "no" were: Senators Donnell and Kem of Missouri, Ferguson of Michigan, Flanders of Vermont, Taft of Ohio, Vanderberg of Michigan, Watkins of Utah and Williams of Delaware.

Approval of Clark came after a blistering, last-minute attack on the attorney general by Senator Ferguson (R-Mich.). Among other things Ferguson accused him of "gross mismanagement" in connection with the Gerhart Eisler, a top Communist, from the country.

Senator Tom Connally and Vyndon Johnson, Democrats from Clark's home state of Texas, stoutly defended the attorney general. Others also spoke in his behalf.

Funds to State In Polio Fight

NEW YORK, Aug. 18.—(AP)—Missouri received \$40,050 in emergency funds last week, the National Foundation for Infantile Paralysis has reported.

The state was one of 22 that shared in disbursement of \$298,411 in emergency funds during the week. The foundation said the amount was the largest for any week since the polio rate began climbing this summer.

In addition the foundation has sent three physical therapists to Missouri.

Orders by Truman As to Steel Mill

WASHINGTON, Aug. 18.—(AP)—President Truman said today it was on his orders that the government granted Yugoslavia permission to buy an American steel mill.

He told a news conference that the National Security Council studied the matter and recommended letting Yugoslavia have the mill. Then, he said, he personally ordered that it be sent.

Cash Allotted To Big Agencies

WASHINGTON, Aug. 18.—(AP)—Numerous big government agencies got their third temporary cash handout of the year today.

President Truman signed a stop gap measure putting them back on a cash basis for another month.

But nearly \$30,000,000,000 in operating funds that should have been voted six weeks ago still were snarled up in Congress.

Sept. 15 is the new deadline for solving the tangle—the third new deadline Congress has set since June 30.

Quick teamwork between Chairman Cannon (D-Mo) and McKellar (D-Tenn) of the House and Senate appropriations committees ended a temporary financial emergency late yesterday for a long list of government agencies which have been waiting for passage of their regular appropriations since the new fiscal year started July 1.

Cannon and McKellar sped approval of a stopgap measure so about 40 government agencies can continue meeting payrolls and other expenses.

Officially the Army, Navy, Air Force, Atomic Energy commission, veterans administration, interior department and more than score of other agencies ran out of money at midnight Monday.

Earthquake Rocks a Part of Turkey

ISTANBOUL, Turkey, Aug. 18.—(AP)—A violent earthquake rocked a large part of eastern Turkey last night, the interior ministry disclosed today.

The hardest hit point was Gigit in Bingol province where four persons, including two children, were reported killed. Twenty houses were levelled, the ministry report added.

The quake lasted 34 seconds at some points.

Talk Given to Kiwanis on Transportation

Ray Maxwell of Missouri Pacific is Luncheon Speaker

The transportation industry of America is headed for government ownership and operation unless conflicting governmental policies regulating transportation are quickly changed, declared Ray Maxwell, Director Publicity-Advertising, Missouri Pacific Lines, speaking to the Sedalia Kiwanis club Thursday noon at Hotel Bothwell.

We have a paradoxical transportation situation today, Maxwell said, "Where by one form of transportation—the railroads—is required to pay all its costs out of revenue, while competing forms of transportation—highway, airway and waterway—have their ways provided for them at government expense."

Declaring "we have no quarrel with the newer forms of transportation, what we object to is the commercial use they make of facilities provided at government expense," Maxwell pointed out "that since 1918 the railroads have invested \$27 billion of private capital in the construction and maintenance of their rights of way while almost \$52 billion of taxpayer money has been spent in building and maintaining highway, airways and waterway routes. Such inequality means the railroads have two strikes on them when they come to bat," he said.

Paid \$31,142 Taxes

The claim of the trucking industry that they pay their fair share of the cost of construction and maintenance of highways is open to dispute, according to Maxwell but, he asked "have they no obligation to support the other agencies of government such as police, fire and health protection, to say nothing about our schools, taxes which you gentlemen in Sedalia and the Missouri Pacific pay."

Continuing, Maxwell said, "In Pettis county last year the Missouri Pacific tax bill totaled \$31,142, of which \$15,969 went for the support of schools and \$5574 was earmarked for county road and bridges over which our competitors operate their heavy box cars."

Discussing what he referred to as so-called "cheap" waterway transportation Maxwell said "there's nothing cheap about it except for the few shippers so favorably situated they can take advantage of the ways provided for their barges at government expense." Asserting that if another agency of transportation was needed between St. Louis and Kansas City, "which it is not, you could build a railroad for \$88,000 per mile whereas it has cost \$316,000 per mile to build the channel in the Missouri river."

Maxwell was also critical of the Federal Barge Line stating that it (Please turn to Page 6, Column 4)

Just As Starter Ten Thousand Of Plates Ordered

JEFFERSON CITY, Aug. 18.—(AP)—The first batch of new style Missouri automobile license plates went out to motorists Wednesday.

They are in a new lettered series—a letter in front of the numbers.

John H. Allison, head of the motor vehicle unit in the state department of revenue, said the new system was started because dies at the state penitentiary where the plates are made can handle only six digits.

When Missouri's new permanent license plate system started last winter, 905,000 regular numbered plates were ordered. They were allocated to various months of the year in groups, so that all will not fall due at once. But the department soon found itself running out of numbers for some months.

The problem was solved by devising a lettered series. Thus January plates in the new series will run from A-1,001 to A-99,999. The letter for August is "P" so that August plates in the new series will run from P-1,001 to P-99,999.

As a starter 10,000 plates in the new lettered series have been ordered.

Altogether the department expects to sell about 990,000 passenger car plates this year—a record—compared with 877,000 last year.

Achievement Day of 4-H'ers

The Pettis county 4-H club Achievement Day program was held all day Wednesday and today at Liberty park in the Convention hall.

Over 900 exhibits of food preparations, food preservations, clothing, vegetables, home furnishings and wood works were entered. Thirty-four 4-H clubs of Pettis county participated in the two day event.

Awards were presented in the various exhibits this afternoon and agriculture and home economic demonstrations were held.

The first annual livestock show will be held Friday, starting at 10:30 a. m. at the Missouri Pacific stockyards. Over a hundred head of livestock have been entered in this show.

J. C. Cox Dies Unexpectedly In Barber Shop

Stricken While Cutting Hair Of Boy Of Neighborhood

John Calvin Cox, 68, of 303 East Jackson street, died unexpectedly at 2:45 o'clock Wednesday afternoon at his barber shop, 415 East Boonville street. Death was due to a heart ailment which developed several months ago. He had been under care of a physician for some time and had only returned to work a few days ago.

At the time he was stricken he was cutting the hair of Joe Walters, a boy who lives in the neighborhood. Mr. Cox remarked that he felt faint and a customer tried to give him assistance. He expired before Dr. Gordon Stauffacher, who was summoned arrived.

Mr. Cox was born May 28, 1881 in Paradise, Mo. His parents were Samuel and Jenny Cox. He moved to Versailles later where he learned the barber trade and had a business establishment for many years. In 1944 he was married to Virginia M. Snodgrass.

No children were born to this union. However he had four children by a first marriage. He moved to Sedalia in 1947 and has been in the barber trade here since that time. He was a member of the Methodist church in Versailles and a member of Granite Lodge No. 272 A. F. & A. M., in Sedalia.

Mr. Cox is survived by his widow Mrs. Virginia Cox of the home, two daughters, Mrs. Robert Enloe, of Marshall, and Miss Mary Lee Cox, of Columbia, two sons, M. J. Cox of Kansas City and W. H. Cox of Fairmont, Minn., three brothers, J. H. Cox of Kennick, Wash., J. C. Cox of Lander, Wyo., and G. A. Cox, R. F. D. No. 2 Sedalia, and one sister Miss Bertha Cox of San Antonio, Tex.

Four grandchildren also survive. The body was taken to the Kidwell funeral home in Versailles.

Funeral services will be held at 2:30 o'clock Friday afternoon at the Versailles Methodist church.

'Leaks' Disturb Truman

Demand From Senator McCarthy That Gen. Harry Vaughan be Fired

WASHINGTON, Aug. 18.—(AP)—President Truman today asked the country to "suspend judgement" on Maj. Gen. Harry H. Vaughan until after his army aide testifies before the Senate five percent inquiry.

Mr. Truman, at a news conference, directed his request particularly to reporters and editors.

He was sharply critical of what he called leaks from the committee and what he described as a tendency to build up the most critical testimony against Vaughan at closer hearings.

Mr. Truman made it clear at the outset that he did not intend to answer any questions concerning the inquiry.

Reporters thus were unable to ask him about a Republican demand that he oust Vaughan as Coordinator of Veterans Affairs.

Senator McCarthy (R-Wis.) voiced the demand that Mr. Truman fire Vaughan from the Veterans Affairs post.

McCarthy added that as a Republican Senator he does not feel he has the right to suggest that Vaughan be ousted from his other job as the president's army aide.

Not Discuss Testimony

The president read rapidly today from a prepared statement saying:

"At the outset, I want to say to you that I do not intend to answer any questions pertaining to the testimony that has been given before Senator Hoey's (D-N.C.) committee.

"General Vaughan has already said he will go before the committee and make a full statement on all matters with which his name has been connected.

"I suggest, as the chairman of the committee has done, that you gentlemen and your editors, in common fairness, suspend judgement on General Vaughan until he has been heard by the committee."

The president gave newsmen permission to quote his remarks.

Hoey asked during the hearing yesterday that Senators withhold statements denouncing Vaughan.

He spoke out after Senator Mundt (R-S.D.) had called Vaughan, among other things, a "finagling bargainer."

The president made it abundantly clear that he does

Market U.S. No. 1 Grade Mo. Apples

Missouri apple growers this year will market more than one and one-quarter million bushels of quality apples, more than half of which will be graded and inspected by Federal-State and licensed inspectors.

Seven inspectors in apple growing areas of the state have been employed by the Missouri State Horticultural Society to insure the grade of this year's apple harvest.

This means, according to W. R. Martin, Jr., secretary of the society, that apples graded and inspected will be as closely examined and as carefully screened as any in the country.

Missouri-grown apples can compete on any market with any apples in the country, Mr. Martin explained.

To familiarize Missouri housewives with the quality and grade of Missouri apples an extensive advertising campaign in newspapers and on radio stations has been planned. The advertising campaign emphasizes the grading and quality of Missouri-grown apples and features popular recipes for apple dishes.

The Missouri apple harvest, which will start about the middle of August when Jonathan apples move to market, will run to large sizes and a very clean grade of apples.

Growers cooperating with the Federal-State inspection program will feature a pack and grade of U. S. No. 1, U. S. Fancy or combination U. S. Fancy-U. S. No. 1. Jonathan, Grimes, Golden Delicious and Delicious will be among the popular varieties marketed.

Missouri has long been known for its apples, which rated tops for texture, grade and color. In recent years growers have been cooperating with the horticultural society's program to marketing apples graded by licensed inspectors.

Two representatives of the society are calling on buyers telling of the quality program, shipping point inspection and varieties available.

Inspectors will work in orchards around St. Joseph, Kansas City, Waverly, Boonville, McBaine, Clarksville, and Seymour. Weekly bulletins listing the quality and variety of apples available will be released by the society.

Laugh at Red Propaganda Brings Jail
HAMBURG, Germany (AP)—The Hamburg newspaper "Abendblatt" said a German laughed out loud in a Leipzig cinema at a Soviet propaganda film. It showed, and lavishly praised, a new textile machine. When he told the police that the film was of a German 1920 model, he was arrested.

Newspaper men began to call baseball enthusiasts "fanatics" in the eighties and, within a short time, called them merely "fans."

Poland Acts on Sabotage
WROCLAW, Poland—(P)—Economic sabotage, most of it apparently centering in industries operating in former Eastern German lands, seems to be on the increase in Poland.

Arrests and trials of those accused of sabotage are frequent. A casual check of arrests reported by Polish newspapers since Jan. 1 showed 160 persons had landed in jail. Many of these included directors or vice-directors of industrial plants.

THE CAA OKAYED THIS ONE—At Cleveland, O., airport, flight instructor Joe Smith prepares for a test hop in a replica of Lincoln Beachey's 1915 model biplane. The plane was built by mechanic Bert Dudek in his basement. CAA inspectors granted Dudek a registration certificate for the craft.

STEEL TAKES A NOSEDIVE—Steel ingot production dropped sharply this summer to the lowest level in its postwar period. Steel authorities explain this by pointing to the old law of supply and demand. Many steel consumers, household appliance manufacturers in particular, had reached their peaks in heavy postwar production and were returning to a peacetime basis. It was also generally expected that steel mills would lower prices, causing buyers to stay out of the market temporarily. With the threat of strike and the present truce, a price drop never materialized, which accounts for the slight upturn in steel production in August. This newschart compares 1949's steel ingot production with the two preceding years. Statistics from the Department of Commerce.

State C. of C. For Slash In Tax Burden

Executive Vice-President In Talks On Our Economy

Henry Rethwisch, executive vice president of the State Chamber of Commerce of Missouri, was a visitor in Sedalia Wednesday and while here met with the board of the Sedalia Chamber of Commerce as a guest His headquarters are at Jefferson City.

Mr. Rethwisch has made numerous talks by radio and otherwise on economic affairs and presently is giving them on the topic: "Hoover Reports Can Save You Money."

Leading specialists and authorities on business and administration have completed an exhaustive and comprehensive study of government and its cost to the taxpayer and Mr. Rethwisch's summarization taken from the Hoover commission's report some of the recommendations in which have been given approval of President Harry S. Truman are pending for action in congress.

It was pointed out that about 18 cents out of every dollar a person earns this year will go to maintain the federal government—this in addition to state any local taxes one has to pay.

Debt Enormous
The report shows it would take \$1,750 from every man, woman and child in the nation to pay off the national debt—and about \$40 from everyone of them just to pay interest on that debt for one year.

Federal taxes receipts 109 years ago, 1840, were only 79 cents per capita. Last year 1948 they were \$289.39 per capita.

"Rather staggering isn't it? So anything that will tend to reduce federal expenditures will be money in your pocket," says the State C. of C., executive. One of the steps suggested by Mr. Rethwisch on reducing federal expenditures would be to adopt many of the recommendations of the Hoover commission, a bi-

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

partisan body, non-political, and thus save as much as an estimated three billion dollars.

Eighty-nine of the recommendations can be put into effect by the president without legislative enactment, is being necessary for congressional approval on others.

Some of the things enumerated are there are 1816 federal bureaus, administrations and agencies.

The national debt totals 252 billion dollars. Expenditures include over 12 billion dollars for national defense in peace time; 7 billions for veterans and grants to foreign governments; five and a half billions for interest on the national debt; two billions for social welfare and social security.

Would Reduce Outlays
It was asserted in the talk by Mr. Rethwisch that the postal department expends 500 million dollars a year more than it takes in.

Continuing in a discussion of our economy he referred to 39 federal agencies engaged in lending money, 12 in home and community planning, 29 in rehabilitation and welfare problems, 34 in obtaining land, 25 checking to find mineral resources.

Unified purpose and policies were pointed out as means for reduction of huge outlays and he stressed the "crying need for streamlining the executive branch to effect savings that will reduce the tax load that rests on the people."

Various means were suggested for grouping of agencies, boards and bureaus and the urge as Mr. Rethwisch sees it is to get action that bring about substantial savings and at the same time increase general efficiency.

More Areas To Lift Control

About Third To Drop Restrictions On Rent By Oct. 1

CLEVELAND, Aug. 18 — (AP)—Federal rent controls will be lifted by Oct. 1 in one-third of the area they are now effective, Housing Expediter Tighe E. Woods announced.

He said a cut in the congressional appropriation for his office's budget forced the move.

Communities of more than 100,000 probably will not be affected by the cut, and areas in which military establishments are located will remain under control, Woods said.

About 1,000 counties now are under rent ceilings which are effective until next June 30, Woods said. Up to 350 of these will be freed of the ceilings within the next four to six weeks.

Half of the areas to be removed from control will be listed "within a week or 10 days," Woods said, and the rest will be announced in a second list sometime before Oct. 1.

The housing expediter and his top regional advisers will meet in Washington tomorrow to discuss the first list, he said.

"We will look at the smallest and least populated areas first, and gradually go into larger communities as we have to," Woods explained. "The cuts will be countrywide, not concentrated in any one particular section."

May Reduce Areas
The decontrolling will not be done, in all instances, by areas, Woods explained. In some cases, large areas may be reduced in size.

"If any of the decontrolled areas get out of line," Woods warned, "we will come right back in."

"Congress has given us the job of enforcing the law," he went on, "and if I have to go to Congress at the end of the year for more funds to enforce it, that is what I will do."

Woods said the budget of his office for the 1950 year was slashed by the Senate from \$26 million to \$21 million and then cut further to \$17,500,000 by the conference committee of both houses.

The cut in funds, he said, was made "in spite of the fact that every metropolitan office has reported an increase in workload of from 30 to 50 percent and processing of landlord petitions and tenants' petitions is running weeks behind."

"This meant a 35 percent reduction some place. I had the choice of cutting off 35 percent of the people or cutting out about 35 percent of our areas, beginning

Permit Grant To Buy Materials

WASHINGTON, Aug. 18—(AP)—The United States has granted Yugoslavia permission to buy the materials for a steel mill from an American company, government officials disclosed tonight.

The decision marks the biggest step yet by the American government to strengthen Marshall Tito in his fight with Moscow. It is the first time since the

with the smallest, and then having good, efficient rent control in the rest of the country.

"This is not a move toward liquidation of rent control. We are going to be just as tough."

Woods disclosed the rent de-control move in a speech at the 28th national convention of the Disabled American Veterans, then elaborated on his program later in an interview.

In the speech he promised veterans that the cut in funds would not keep his office from completing "clean-up work in the veterans' housing program."

• The Washington Merry-Go-Round California Dems in Hectic Scramble For Gubernatorial Nomination

By Robert S. Allen

(Ed. Note — While Drew Pearson is on
vacation, the Washington Merry-Go-Round
is being written by his old partner, Robert
S. Allen.)

WASHINGTON, Aug. 18—California's mud-
dled Democratic scramble for governor is getting
more hectic by the hour — although the pri-
mary is still a year off.

The air is blue with tales of intrigues and
secrecy deals among the pack of hot-eyed aspir-
ants.

At least a half dozen are in the field, led
by James Roosevelt, eldest son of the late pre-
sident, and George Luckey, millionaire cattle-
man, openhanded 1948 Truman supporter, and
bitter foe of young Roosevelt.

Luckey press agents claim he has White House
backing. Spokesmen of the President emphat-
ically say he is keeping strict hands-off this
and all other state contests. James Roosevelt
is saying he has AFL and other labor support.
Luckey and other candidates counter that Cali-
fornia labor is split on a choice.

Curious aspect of the feverish scramble is
that much of the undercover jockeying centers
in Washington. Luckey has made a number of
hush-hush trips to the capital, and most of
the other candidates, or their agents, have
made treks. All filter a constant stream of
rumors and tips eastward.

Latest to reach Democratic national head-
quarters is the following:

A secret conference recently took place be-
tween James Roosevelt and George McLain,
top poobah of California old age pension pro-
moters. Purpose of the meeting was to consider
a Roosevelt-McLain ticket; the former for gov-
ernor, the latter for lieutenant governor. Ce-
ment for the alliance would be McLain's "de-
livery" of his 250,000 pension followers and
Roosevelt's public support of their pension plan,
on which the state ballots in a special election
this November.

Red-hot kicker on this hot tale is—that one
of the prime movers of this alleged deal is
Arthur Samish, massive "king" of California
lobbyists.

Note 1: California's population has increased
so enormously in recent years that the state is
certain of a minimum of seven new con-
gressional seats in the 1950 reapportionment. It
now has 23.

Note 2: Republican insiders say the party will
ditch embattled attorney general Frederick Na-
poleon Howser next year. He insists he will
run again.

Displaced Persons

Neither side missed words in the closed-door
meeting of the Senate immigration subcommit-
tee when Senator Pat McCarran, D., Nev., re-
fused to budge on his blockade of the House-
passed bill to liberalize the "anti-Semitic and
anti-Catholic" displaced persons law.

"Charges that this act is discriminatory are
hokum," McCarran snapped. "I worked with
Senator Revercomb (1948 West Virginia Repub-
lican lame duck) on this act when it was drafted
and I know that the charges are untrue."

Sen. Matt Neely, D., who defeated Rever-
comb, took up the challenge.

"Revercomb and I are both Presbyterians,"
he said. "I had the strongest support of the
Presbyterians because they considered this bill
discriminatory. The Presbytery of northern
West Virginia, last summer, took the extra-
ordinary action of denouncing the Revercomb-
McCarran act as prejudiced and expressed their
indignation at Revercomb in no uncertain
terms."

"Did the Presbyterians explain why they
considered it discriminatory?" demanded Mc-
Carran.

"They didn't have to explain because the
American Press, including leading Republican
papers, had explained the discriminatory fea-
tures in no uncertain terms. This unfair law
was a major issue in my campaign and I in-
tend to see to it that it is changed."

Sen. Scott Lucas, Ill., Democratic floor leader,
broke in with a conciliatory question.

"Pat, you have a bill on this subject," he
said. "What would you do if Howard (Senator
McGrath, D., R. I.) moves to discharge the
committee and report out your own bill?"

"I will oppose it."

"I can't get it out, Scott," broke in McGrath,
"unless Pat is willing to cooperate."

Lucas made still another appeal to McCar-
ran to allow action on the measure. He re-
fused to make any concessions.

"What will you do if the Republicans take
the initiative and move to discharge this com-
mittee?" asked Neely.

"I'll do plenty," retorted McCarran. "If they
start anything, I'll keep them here until Christ-
mas. I will not stand for any shoving around."
That ended the meeting. Later, Neely told

Vice President: Barkley. The wraps are off
now. I am not going to stand for McCarran's
bluff. I am going to do everything in my
power to get that bill out of his committee. I
will work with the Republicans or anyone else
to do that."

Look Out For Fireworks as Democrats Mix in August

By Peter Edson

NEA Washington Correspondent

WASHINGTON, Aug. 18—Democratic national
committee meeting in Washington August 24
may produce some fun at that. Principal pur-
pose of the meeting is to name a new national
chairman to succeed Sen. J. Howard McGrath
of Rhode Island, who has resigned to become
attorney general.

Election of the pink cheeked and plump Hon.
William M. (Bill) Boyle of Missouri to this
high office seems in line. Boyle was an assist-
ant to the President back in the old Truman
committee days in the Senate. Boyle is now
executive vice chairman of the Democratic na-
tional committee. It would be natural to push
him up another round on the political ladder.

If the national committee confines itself to
electing a new national chairman and then
get out of town, all may be well. But if they
get to talking politics and issues, watch for the
fireworks.

For the Democratic national committee has
almost as big a split as the Republican national
committee. Only the Democratic split divides
north and south, the Republican largely east
and west.

Main cause of the Republican split was Tom
Dewey. Main cause of the Democratic split is,
of course, President Truman's "fair deal" and
civil rights programs.

Best measure of the Democratic split can be
taken from the last Democratic national con-
vention in Philadelphia. The vote there was
651½ for a broad civil rights program, 582½
against it. This was roughly a 52-47 per cent
division, insofar as the delegates were con-
cerned. The more populous northern states had
the most delegates and so won.

But by states, delegations from 29 of the
states were opposed to the civil rights plank
adopted for the Democratic platform, while only
19 state delegations were for them. And after
the vote, all the Mississippi and half the Ala-
bama delegations walked out.

Southerners Still Strong

Dixiecrats are still in control of a number of
the state political machines of the South. They
are strongest in South Carolina and Mississippi.
In a few states like North Carolina, where Joun-
athan Daniels is, now national committeeman,
the Truman forces have full control of the
state political machinery.

In other states like Alabama and Louisiana,
Democratic national headquarters does not re-
cognize the existence of any national commit-
teeman because Dixiecrats are in control. If
both the Truman and the Dixiecrat factions send
delegations to the Aug. 24 meeting, there may
be a nice fight on seating and credentials.

It wouldn't be a good Democratic political
gathering, anyway, if there weren't a fight of
some kind.

An acceptable compromise now seems to have
been worked out on Democratic patronage. At
a meeting between Democratic congressmen and
members of the White House staff, agreement
was reached that no minor political appoint-
ments would be made by the President if they
were unacceptable to the congressman from the
district concerned.

In a few recent cases, the President has ap-
pointed to office men who were political op-
ponents of the congressmen now serving. That
caused bad feelings. On major appointments,
the President still wants a free hand. And he
naturally wants to appoint Democrats who will
be loyal to him—not Dixiecrats who may fight
him.

• So They Say

I am sure that Mr. Truman is against the
Stalinist state or brass-knuckle state; that Mr.
Truman is against statism; that he doesn't know
and doesn't believe that he carries the malig-
nant germs of the police state around in his
ideologies. . . . But he is the "Typhoid Harry"
of statism. — Hugh D. Scott, Jr., former Re-
publican national chairman.

My experience proves that the atom can save
life as well as destroy. Today we stand on the
threshold of a whole new era of scientific
progress. — Advertising executive I. S. Randall,
treated with radioactive iodine for a cancer con-
dition.

We are the only one of the 12 nations (in
the Atlantic Pact) who has the atomic bomb.
We are the only one capable of carrying out
strategic bombing. — Gen. Omar Bradley, army
chief of staff.

It is time that we realized that a government,
like a family, will go broke if it continues to
spend more money than it receives.—Republican
national committeeman Jouett Ross Todd.

If somebody slips on a banana peel the cops
call me in to find out if I'm selling bananas.
... Italy has one of the best police forces in
the world and if they had anything on me,
they'd arrest me.—Former New York vice king
Charles (Lucky) Luciano, deported to Italy.

Instead of spending millions on European
countries we should rebuild our own defenses,
which have been let down to a low level.—
Gen. Jonathan Wainwright.

We (Yugoslavia) are not in the Soviet orbit.
We are not satelized. We are independent and
have our own type of socialist state.—Sava
N. Kusanovitch, Yugoslav ambassador to the
U. S.

We must decide to what degree we want
peace on earth and then make up our minds
to sacrifice enough of our personal comfort
and pleasure to pay the necessary price to at-
tain that goal.—Lions' International President
Walter C. Fisher.

The Caffeine in Your Coffee Has Definite Medical Uses

By EDWIN P. JORDAN, M. D.
Written for NEA Service

Caffeine is the principal active
drug in both coffee and tea. In
view of the large quantities of
these beverages which are con-
sumed, it is important to know
whether the caffeine in them may
cause harmful effects.

Although an ordinary cup of
strong tea or coffee contains
enough caffeine to have a definite
drug effect, this is probably some-
what lessened by the fact that the
caffeine is associated in these
drinks with other substances. Both
these drinks act as stimulants
which increase mental and phys-
ical energy and relieve muscle and
mental fatigue to some extent and
are otherwise just "comforting."

Used By Doctors

Caffeine as a drug has definite
medical value. It is a well-
known brain stimulant. It is used
sometimes to combat some of the
harmful effects of acute poisoning
with morphine or other depressing
drugs. It stimulates breathing and
is used in certain cases of asthma
and other disorders of breathing.

Caffeine acts also on the heart
and the blood vessels. It tends to
dilate some of the blood vessels so
that more blood may flow in.

And it is a direct heart stimulant.
In the form of tea, coffee, or
other beverages containing caf-
feine, there is usually no harm
produced by moderate
consumption. As with any stimu-
lant, excessive use can be harmful.

Unfortunately, nervous people are
the ones most likely to drink too
much and it is in them that injury
from caffeine is particularly likely
to occur.

When susceptible people do
drink too much of some caffeine-
containing beverage, they are likely
to become excessively nervous,
develop pounding of their hearts,
headaches, sleeplessness, trem-
blings, and digestive disturbances.
When such symptoms occur from
tea or coffee, they are almost al-
ways caused by drinking too much,
resulting in excessive intake of the
active drug caffeine. The symp-
toms can be quickly lessened by
cutting down on the excessive in-
take.

will answer one of the most fre-
quently asked questions in his col-
umn.

THE DOCTOR ANSWERS

By Edwin P. Jordan, M. D.

QUESTION: Is streptomy-
cin helpful in treating stom-
ach ulcers?

ANSWER: So far as I
know, there is no reason to
believe that streptomycin is
helpful for stomach ulcers.
There may be a slight possi-
bility that it would be useful
if ulcers became infected, al-
though it is certainly not a
usual form of treatment.

Giving in on Every Issue Won't Aid Wife's Happiness

Is "peace at any price" a sound
rule for a wife to follow?

Not unless she has no objection
to becoming a door mat. There
are times in most marriages when
a woman has to take a stand for
her own rights as an individual
or as a full-fledged partner in the
marriage relationship.

Here are a few such times, tak-
en from letters recently received:
One wife says her husband
leaves her and their two small
children every summer week-end
to go fishing with several of his
friends. In the fall it's hunting
that gets him "away from it all."

A man ought to have some re-
creation with other men, but run-
ning out on his family every week-
end, especially when his wife is
completely tied down by small
children, is not a fair deal, and no
woman ought to accept it meekly.

Another wife says her hus-

band is always smacking her down
in public, ridiculing her ideas, or
challenging her most harmless re-
marks. The wife who puts up
with that kind of treatment not
only makes herself look like a
frightened mouse, but she lets her
husband look like a bully. Telling
him off just once in front of a
select audience would probably
put a quick end to it.

Husbands Should Share Chores At Times

There is also the wife who
writes that her husband expects
her to hold down a job, but thinks
it is beneath his dignity to help
with the house work. Well, she
can wear herself out holding down
a full-time job and doing all the
housework before and after office
hours, just to keep peace, and let
her husband keep his dignity. Or
she can say calmly: "Either I'll
have to quit my job or we'll have

"Sorry, George, I never lend money, I only borrow it—

to divide up the house work."
In most happy households a
wife gives in on a lot of small
matters just to keep peace.
But it doesn't add to the happi-
ness of a marriage for a wife to
shy away from taking a stand on
important issues just to avoid any
unpleasantness.
A little unpleasantness now and
then won't hurt a marriage. But a
real injustice allowed to continue
unchallenged will.

THE STORY: Gaynel Teare, who
is writing in a cocktail lounge to
meet a young gentleman acquain-
tance Barry Bainbridge, is sud-
denly confronted by a young man
who attempts to pick her up. His
attempts almost lead to his being
thrown out, but the young man,
whose name is Fritz, leaves a dol-
lar bill with Gaynel and tells her
he'll be at the elevator later. To
return the money, Gaynel goes to
the elevator and the young man
takes Gaynel back to the lounge—
the same table as before. Gaynel
says Fritz is outrageous, but can
do nothing about it.

ARMAND'S mustachios quivered,
but he clicked his heels and
took himself off.

"There you are!" The young
man's grin was triumphant, as he
shook hands with himself. "Ar-
mand now has me down as the old
family restrainer. Or will have, if
you tell me quickly, before he at-
tacks us again what I'm to call
you, Mademoiselle."

"Fritz Gaynel Teare," he com-
mented in such a way that she
knew, for him, it held no further
significance. "Fritz you, though,
Gay Teare. I'll wager you are a
gay person—if you'd let yourself
be seen keeping yourself." He
achieved a quick transition, as
Armand charged down on them,
carrying his tray as though it were
a shield and sword. "T-tut! While
I was risking my hide, spearing
sharks in the wilds of Africa."

"That's my good man," beaming
condescendingly as Armand made
a rite of pouring the drink, and
he spat soda into the other glass.
"That will do nicely, thank you.
That will be all."

Armand did not agree with him,
however. He clicked his heels,
bowing from his waist, presented
the check.

The young man raised pained
eyebrows. "Pay—enter service,
eh?" He gave Armand a wheed-
ling grin, but as it brought forth
no response, "Ah, well . . ." He
dug in his pockets, frowning
thoughtfully; then, his look
brightening, reached across and
plucked the crumpled bill from
Gaynel's hand.

He placed it on Armand's tray,
waved him away with a baronial
flourish. "Take it away. Keep it.
It's all yours, my good man."

GAYNEL composed her face into
a severe expression. "Poor
Armand," she said. "He's really a
very efficient waiter. Don't you
think you rubbed it in a bit
thick?"

"Armand's thickness must excel
the rhino's," the young man re-
turned. "What about my sensiti-
ve nature? Practically being
evicted on my ear. But," he
leaned on elbows to give her the
benefit of his full regard, "you
have me wrong. Waiters are my
poor buddies. Did anyone ever
tell you," he added abruptly,
"what big eyes you have? But of
course they have." He shook his
head. "I see I must find another
method of approach."

She said, "Must there be an ap-
proach?"

"Not unless you insist. Myself,
I always prefer to skip the pre-
liminaries."

"Yet beginnings are always the
nicest."

"You admit a beginning, then!"
He thrust out his chest, wagged his
head. "Don't get ruffed!" He put
up a hand in protest. "You're
even prettier when you color up
like that. And to think it's the
kind that doesn't come off! Shades
of my Great-aunt Sadie Shackles."
"By the way," he said, after he
had taken a healthy swallow from
his glass. "I can present creden-

Fritz placed the crumpled bill in Armand's tray and waved
him away with a baronial flourish.

"What makes you think I was
stood up? It might have been my
mistake." Was it pride that made
her come so fiercely to Barry's
defense? "I've a frightful habit
of getting dates mixed."

"Neat habit," Fritz corrected,
reaching across to give her hand
an approving pat. "Keep it up,
since the other guy's loss is my
winning. But as I tried to tell
you before—before I was so
rudely interrupted by the man-
agement—I wouldn't waste time
on a fellow so unreliable, whoever
he may be."

GAYNEL held up her hand now
in protest. "Armand will be
suspicious. He's still got an eye
on us. So you're a newspaper
man. T-tut!" She shook her head
in imitation of him. "I might have

He made a face. "Meaning that

habitual drunks and no-accounts.
That they have been endowed

"I don't!" Gaynel was slightly
indignant. "Though I do think
they've been allotted their full
share of brass."

"I deserved that," he said, tak-
ing it with a grin. His glance
sharpened, as though he felt her
gibe had over-lapped the personal.
"But give me a chance . . . I'm
more often temperate than an
ebriated; I pay the butcher and
the baker; I have no nose for
pews. I wouldn't write a book, if
I got paid for it." He fished in his
pocket again, handed her another
card engraved with the name of
a large newspaper chain. "I'm in
the advertising branch, as this will
prove, if you'll be so kind as to
accept it. And you'll find my
complete tag in the lower left-
hand corner."

"Why, I'm in advertising, too!"
she told him. "Connected with it,
at least."

"You are?"

"Frederick Fitzroy Freyman,"
she read. "But that's fantastic!"

"Phenomenal," he corrected
gravely. "But remember I gave
you permission to call me Fritz.
And now that we're properly in-
troduced, are you in love with
this guy?"

"No, I'm not."

"Then you're not in love with
this guy?"

"W-what lug?"

"The lug that stood you up, of
course."

Naked Boy Rescued From River

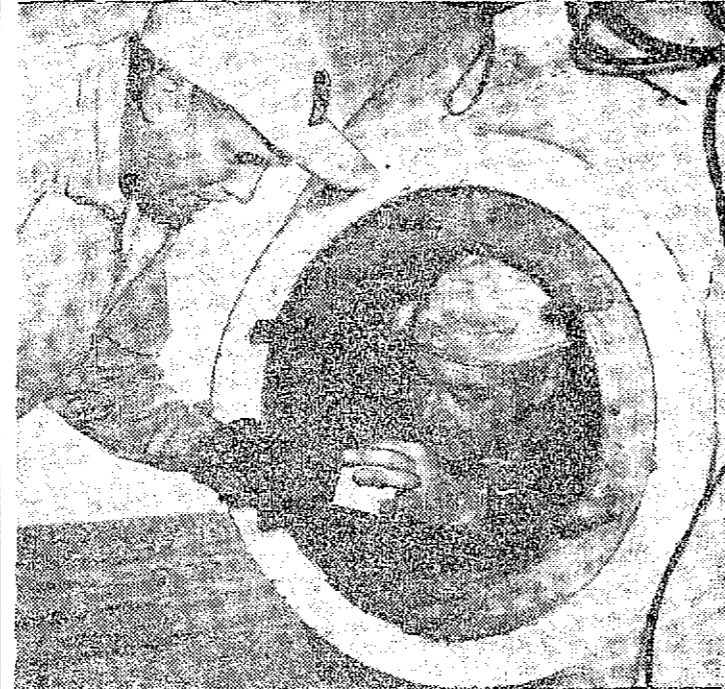

Two firemen in a rescue squad boat approach a naked youngster standing atop a piling in the Missouri river near Omaha, Neb. The boy, Bobby Peck, 8, of East Omaha, had been playing at the river's edge. While "riding" a log stuck in the bank, the log broke away, carrying Bobby downstream with it. He dismounted on coming in contact with a piling and clung to it until rescuers arrived. In the boat are Fire Capt. Ed Thillander (left) and Charles Arcola. (AP Wirephoto)

The Light That Failed

Otis Barton, after his descent 4,500 feet into the depths of the Pacific Ocean off Smuggler's Cove, Calif., examines the headlight of his Benthoscope after returning to the surface. A power failure caused the light to go out at 4,100 feet during the descent. (AP WIREPHOTO)

HANDY EQUIPMENT—Dr. Maurice Nelles, left, hands Dr. Otis Barton, right, a vital piece of equipment credited largely for the success of his record-breaking dive off Santa Cruz Island, Calif. The small container housed a battery-powered fan which kept the air circulating over purifying chemicals. Twice before fatigue set in as he wielded a hand fan and he became dizzy. (NEA TELEPHOTO)

Few U. S. Movies Reach Japan.

TOKYO — (AP) — The flow of American movies into Japan has gone down to a trickle. And the Japanese are beginning to complain. American film producers are cutting down the number of films for this country because they can't convert the yen income to dollars. They have more than a billion yen piled up.

Not a single new American film was booked for Japanese movie houses in July. Those already here were shown, however. They say Japanese are disturbed. They say Hollywood had been helping spread democracy with films.

Japanese exhibitors don't like it either. Their pocketbooks are being hurt. Patrons prefer Hollywood movies to those made in Japan.

HEARTBURN?

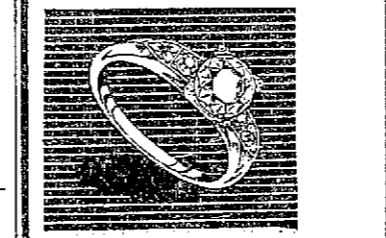

Acid taste in mouth? That awful, gassy feeling? Then—try a switch to POSTUM!

For the latest scientific facts reveal that, in many persons, caffeine in both coffee and tea tends to produce harmful stomach acidity, as well as nervousness, and sleepless nights! While many people can drink coffee or tea without ill-effect, many others can't.

So if you suffer heartburn, indigestion, sleeplessness, make this test: give up coffee—give up tea—drink POSTUM exclusively for 30 days—judge by results! Remember, POSTUM contains no caffeine or other drug—nothing that can possibly cause indigestion, nervousness, sleeplessness! Ask your grocer today for INSTANT POSTUM—A Vigorous Drink made from Healthy Wheat and Bran.

Film Picture On Rock Island

HAILEYVILLE, Okla., Aug. 18.—(P)—"The Rock Island Trail"—a technicolor movie on the colorful history of the Rock Island railroad—will be filmed near here beginning Sept. 9.

Officials of the Republic studios of Hollywood arrived in nearby McAlester last night to make plans for the film. It probably will star Rod Cameron, Republic's rising young western leading man.

The movie set in the early 1800s, will be made along Rock Island's 12-mile stretch near Haileyville to Pittsburg. Paul Malvern will be the producer, Joe Kane the director.

Actors definitely assigned to the film are Chill Wills, Forrest Tucker, Adele Mara, Bruce Cabot, Jeff Corey and Grant Withers.

Some eighty actors will come from Hollywood and about 150 residents will fill out the cast.

The movie is based on the novel "Yankee Doodle" by Frank Nobles. James Edward Grant wrote the script.

It will be released next year and will be premiered in either Chicago or Rock Island, Ill. Republic said sets for the filming will be made immediately.

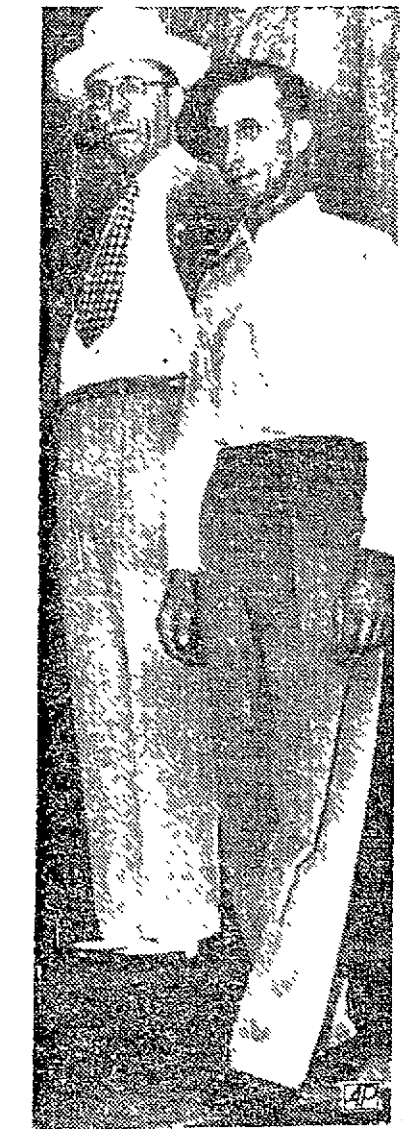

Military Force Go On Spending

WASHINGTON, Aug. 18.—(P)—Congress voted Wednesday to let Army, Navy, Air Force and other important divisions of government go on spending money even though their current appropriations are still in dispute.

The Senate quickly followed the lead of the House in approving a resolution which will re-release the agencies from their flat-broke status as soon as it is signed by the President. Officially they ran out of money at midnight Monday, and couldn't legally buy anything or even pay the help.

The stop-gap resolution, allowing them to continue their regular activities until Sept. 15, is the third such resolution adopted this year. Chairman Cannon (D-Mo.)

Injured By An Explosion Of Tire

Ralph Bias, 54, of Versailles, was severely injured Wednesday while placing a new tire on a car at the Halter Motor Co. He was putting air in the tire when it exploded, fracturing his leg below the knee and severely lacerating his face and head. Ted Morrison, who was working at another station across the street heard the explosion and found Mr. Bias lying on the floor.

The Kidwell ambulance was called and he was taken to the Dr. Gunn's clinic where he was given treatment; from there he was transferred to St. Mary's hospital at Jefferson City. Mrs. Bias remained at the hospital with him.

PAYS FOR POLIO

New Policy Pays Maximum of \$5,000.00 Toward Care and Treatment

Costs Less Than 1 Cent A Day! This new Postal Polio Policy COSTS LESS THAN 1 CENT A DAY—yet it pays a maximum of \$5,000.00 toward the care and treatment of polio (infantile paralysis), as authorized by the attending physician.

The policy will pay, if needed, \$5,000.00 toward these expenses: Hospital bills, including room, meals, drugs, serums, medicines and other services; doctor bills; physio-therapy; use of iron lung; ambulance (maximum \$50.00); nurses (maximum \$12.00 a day); orthopedic appliances (maximum \$500.00) a round trip to another locality for special treatment.

The cost of such treatment often runs into thousands of dollars in the first few weeks... few families have the means to meet such costs without terrific sacrifice! Insurance in effect immediately!

With the new Postal Polio Policy you can be prepared. You can insure your children—better still, you can insure yourself and each member of the family—no age limit—so that cash for proper care and treatment will be readily available if this dread disease should invade your home.

The cost is less than 1 cent a day—only \$3.00 for a full year's protection—for each person. SEND NO MONEY NOW. WRITE A POSTCARD OR LETTER NOW asking for complete information to Postal Life & Casualty Insurance Company, Dept. 2258, 3934 Broadway, Kansas City, Mo. NO SALESMAN WILL CALL.

Polio is on everybody's tongue these days, and with it the perennial question of whether in rhymes with "oleo" or "holly-o." Webster's Dictionary gives only the latter, or short "o" pronunciation, while popular usage seems to favor the long vowel. However you pronounce it, don't get panicky about it—but at the same time play safe and don't take chances. Stocking up For Fall And Holiday Trade

Business Loans Increase Indicate Upward Trend

By Charles Molony

WASHINGTON, Aug. 18.—(AP)—Business loans appear definitely on the increase in volume. The gain is a sign that business men are stocking up on goods at last for fall and Christmas sales.

Finance officials here predicted today this uptrend will go on— with perhaps some interruptions—right on up to Christmas itself.

The rejuvenating effects on the economy of increased inventory buying can be judged by the fact that the Commerce department singled out a cutback in that buying as the prime cause of the 1949 dip in business.

A federal Reserve Board report showing an \$80,000,000 increase in loans to business men by leading city banks during the week ended August 10 mirrored a virtually country-wide improvement.

All districts shared in the expansion except the Cleveland district, where there was a \$7,000,000 downturn, and Boston, where the loan volume was unchanged, officials reported.

The big gains were \$38,000,000 in New York City and \$20,000,000 in the Kansas City district. At New York, the loan increases extended to a wide variety of business fields, officials said.

Look For Factory Step-Up
With business men ordering more goods to sell in turn to their customers, factories can be expected to step up operations and in some cases recall workers laid off when orders thinned or stopped.

Leon Keyserling, of President Truman's council of economic advisers, said only yesterday that the country will have to get back to and exceed 1948 production levels to be prosperous.

Declaring increased production is easy and that the No. 1 problem is to lift consumption to the levels of productive capacity, Keyserling told a war veterans luncheon:

"In the next ten years we must find ways to absorb 80 to 100 billion of additional goods unless we are going to be faced perpetually with rising unemployment and increasing under-utilization of our productive resources."

Without an expanding economy, in which consumption ability will furnish increase for a 5 to 4 per cent increase in production annually, the nation will suffer a 700,000-a-year rise in unemployment without any letup, Keyserling said.

The stimulus to production expected to flow from renewal of business orders for inventory purposes was expected to help to

ward bringing the 1,000,000 increase in employment Secretary of Labor Tomlin predicted Tuesday will take place during the rest of 1949.

Cheer Note to Missourian

JEFFERSON CITY, Aug. 18.—(AP)—George E. Davis came up with a cheering note on central Missouri business conditions today.

Davis is local manager for the State Division of Employment Security, which keeps track of jobs and unemployment conditions.

"We could place nearly 100 power machine operators in jobs today if they were available," he said. "There are jobs open in the clerical and construction skills."

"I see no reason why unemployment should rise in this community."

Suit Filed For \$30,000 Damages

A \$30,000 damage suit for alleged personal injuries as a result of a motor bike and automobile collision, was filed in the Pettis county circuit court this morning by Claude H. Knight, by his father and natural guardian, W. J. Knight, 1500 South Missouri avenue, against Mrs. Bruce W. Richey, Sedalia route 3.

According to the petition, the accident occurred July 29, 1948, while Claude Knight was riding his motor bike in a southerly direction along the State Fair boulevard at the intersection of Main street and was struck and injured in a collision with a motor car driven by the defendant.

In a second damage suit, the boy's father, W. J. Knight, filed a suit against Mrs. Bruce W. Richey in the amount of \$6,500.

Plaintiff asserts in the petition, as a result of the collision, his son was permanently injured and it was necessary to incur expenses for his treatment in the sum of \$1,506.69 and that it will be necessary for the plaintiff to incur additional expense for treatment in the future.

The attorney for plaintiffs in both suits is Frank O. Knight, of Kansas City.

Cross Atlantic In a Sailboat

DARTMOUTH, England, Aug. 18.—(AP)—Two daring British brothers completed today an epic 2,700-mile Atlantic crossing in a homemade 20-foot sailboat.

Stanley Smith, 30, and his brother, Colin, 29, both veterans of the Royal Air Force, set foot on land for the first time since leaving Halifax, N. S., in their cockleshell craft 43 days ago.

The two former glider pilots were welcomed by dozens of screaming sirens and ships whistles, while hundreds cheered.

Looking fit and bronzed, they were whisked off to city hall for a reception by the mayor and Dartmouth city councillors.

After successfully braving storms, thirst and starvation for more than six weeks without aid, the brothers had to accept a tow from a harbor launch to make their triumphant entrance. The wind failed them 500 yards off shore.

The Smith brothers emigrated to Canada last February. While on the liner crossing the Atlantic, they designed their little craft with the idea of using it on cruises through the Canadian lakes.

After they built it the craft looked so seaworthy that they decided to have a sporting try at crossing the Atlantic.

They christened their craft the Nova Espero (New Hope) and set out from Halifax.

Their father, Stanley Smith, is a coxswain in the Lifeboat Service at Yarmouth, Isle of Wight. He flew to Dartmouth yesterday to greet his sons.

Report Theft of Liquor to Police

The Tally-Ho Drive In, 1419 South Limit avenue, was robbed of over \$500 worth of whiskey between 1:00 a. m. and 7:00 a. m. this morning, according to a co-owner, Walter F. Wertz, who reported the incident to police.

Entrance was gained by picking two locks on the front door. Their or thieves made a clean sweep of nearly all bonded whiskey, leaving the not too popular brands on the shelves.

The police made an investigation this morning, and have some clues to work on.

William J. Ramsey is the other owner of the Tally-Ho Drive In.

Personals

Mr. and Mrs. George Wyre, of Warrensburg, arrived this morning to spend the day with Mr. and Mrs. Fred Carpenter, 1205 South Sneed avenue.

Mrs. Charles V. Knight, of Fort Lauderdale, Fla., arrived Thursday morning to visit her parents and family, Mr. and Mrs. George H. Scruton, 712 West Third street, and other relatives. Mrs. Knight was formerly Miss Virginia Scruton.

Famed Elephant Dies At Age of 77

JACKSONVILLE, Fla., Aug. 18.—(AP)—Coco, famed Barnum and Bailey circus clown who performed before kings and queens and played in at least 40 countries, died yesterday.

"The one and only Coco" was 77. His real-life name was George Hubert Herbert. He was a native of Calcutta, India, and joined circus life when he was three.

Herbert came to Florida 27 years ago when he ended his trouping days and became the "health and education clown" for Florida schools, helping drive home health points with his humor.

Fined for Careless Driving
Robert M. Pool, of Kansas City, pleaded guilty on a charge of careless and impudent driving in Magistrate W. M. Ilgenfritz's court this morning, and was fined \$15 and court costs.

Sedalians At Opera
Mrs. Henry Niemann, 1416 South Carr avenue, and T. F. Segers, 1423 South Barrett avenue, went to St. Louis Monday, where that night they attended the opera. Mrs. Niemann returned home Tuesday morning and Mrs. Segers returned home Wednesday.

Sedalia's Oldest Resident Dies

Kit Manion, Negro, 412 West Henry street, who may have been Sedalia's oldest resident, died today of heart complications at Hospital No. 2. Manion, who claimed he was 114 years of age, ten years ago, was born in slavery in Howard county. He worked for the Quinn family for many years and in 1910 worked at the Quinn Brothers shoe store, 208 South Ohio avenue. The elderly Negro has a son, L. B. Manion, of 107 East Jefferson street, who is an employee of the Missouri Pacific shops. The above picture was taken when he was baptized at the St. Joseph Catholic church. Pictured left to right are: James P. Quinn, Father E. G. Ganger, Mr. Manion and Miss Mary Quinn.

Talk Given to Kiwanis on Transportation

(Continued from Page One)

was originally established for a 5-year experimental period at cost of \$14,000,000 but after 25 years of experimentation the Congress is asked to appropriate another \$18,000,000 to rehabilitate it for another five year experimental period so it can be sold to private interests.

The American people recognize the principle of government aid to industry devoted to public service during its pioneering days, but hasn't the time arrived, he asked, "for the airlines to stand on their own feet, instead of being subsidized by the government through air mail payments far in excess of the cost of transporting the mail. A certificated air line can't fail to meet its operating costs because whatever deficit they sustain is made up through increased compensation in the form of payment for transporting mail," he said.

Contrast of Service

Maxwell summed up his talk with the statement that unless the railroads are permitted an equality of opportunity with government subsidized transportation the inevitable result will be government ownership and operation of all transportation, which would result in inferior service at higher costs. In substantiation of this statement he contrasted the service of privately operated railroads in World War II when they handled 97 percent of all military personnel and over 90 percent of all military freight without serious delay, with the delays and congestion in World War I when the government operated the railroads. Furthermore, he declared, "it cost the taxpayers under government operation \$2,000,000 a day to operate the railroads in World War I, while in the recent war, under private operation, the railroad paid into the Federal treasury taxes at the rate of \$3,000,000 per day."

"The railroads want no subsidy from the government," Maxwell concluded. "What the country and the industry needs is a new national transportation policy, so designed that each agency of transportation is permitted to handle that traffic for which it is best economically constituted without aid from government."

Fire Destroys 20 Thoroughbreds

RATON, N. M., Aug. 18.—(AP)—Flames were brought under control early today after sweeping through three barns at the La Mesa horse race track. Two stable men were severely burned.

Twenty thoroughbreds were destroyed, including a stud, Lu Bro, which Howard Lackey of Raton recently purchased from C. S. Howard for \$10,000.

Racing Secretary Harvey Foster said the damage to the barns would exceed \$20,000. He said he could not estimate the value of the horses lost.

OBITUARIES

William Tivis Trent
William Alvis Trent, died at his home near Marshall Junction at 4:00 a. m. Wednesday, August 10, at the age of 91 years.

Mr. Trent was born in Terre Haute, Ind., son of the late Alexander and Rebecca Haden Trent, and came to Missouri at the age of eight years. On August 5, 1880 he was married to Hester Ann Baker, who preceded him in death, December 13, 1928 as did two children, Grover at the age of two years and an infant son.

Those surviving are: seven children, Anna and Alexander of the home; Fred and Ren of Sweet Springs; Alvis of Nyssa, Ore.; Caldwell of San Francisco; Mrs. Ollie Dickerson, wife of J. L. Dickerson of Houstonia; sixteen grandchildren and nine great grandchildren, also three half brothers, Calvin and Fred of Dodge City, Kas.; George of Lawrence, Kas.; one step sister, Mollie Jenkins of Los Angeles, Calif.

Three brothers preceded him in death, Fletcher, Sam and Charlie Trent, one sister, Emma May, and one half sister, Dora Jane.

Funeral services will be held Friday, August 12 at 2:30 o'clock at Hazel Grove church, conducted by the Rev. Walter White of New Salem.

"The Old Rugged Cross," "Shadows," "Whispering Hope" and "Safe In the Arms of Jesus," were sung by the church choir.

Funeral services were five grandsons, Harold, Marshall and Kenneth Dickerson, J. W. Trent and Fred Roland Trent, and one nephew, Forrest Trent.

Interment was made in the Hazel Grove cemetery.

Kathryn Ann Zahring
Kathryn Ann Zahring, infant daughter of Mr. and Mrs. Keith Zahring, 702½ South Ohio avenue, died at the Bothwell hospital at 1:00 o'clock this morning. She was born at the hospital at 10:00 o'clock Wednesday night.

Besides her parents, she is survived by her grandparents, Mr. and Mrs. John A. Zahring, Sedalia and Mr. and Mrs. Sam Orlich, Chrisholm, Minn.

Graveside services will be held at the Memorial Park cemetery at 2:00 o'clock Friday afternoon.

Interment will be in Memorial Park cemetery.

The babe is at the Ewing funeral home.

Leg Brace Too Hot For Thief

DETROIT, Aug. 18.—(AP)—Little Sally Porrett's leg brace was too hot for a thief to handle.

It was stolen from her father's parked car after he obtained it from an orthopedic shop where it was made under a surgeon's prescription just for Sally. The brace was designed to enable the seven-year-old girl to walk normally for the first time. Since birth spastic paralysis had crippled her right leg.

Two small boys found the brace yesterday while playing in a vacant lot. The thief had torn open the package and tossed it into some bushes.

Pretty Sally is going to the doctor's office today to have a plaster cast removed from her leg and the brace fitted.

Her parents have promised her a red tricycle as soon as she learns how to walk with the brace.

Tentative Vote To Cut Arms Aid

WASHINGTON, Aug. 18.—(AP)—The House voted tentatively today to slash European arms aid from \$1,160,980,000 to \$580,495,000 and cut off the program next June 30.

It was a stunning setback for President Truman's program for \$1,450,000,000 in arms help for Western Europe, Greece, Turkey, Korea, Iran and the Philippines. The action came after Secretary of State Acheson had warned that a cut might be interpreted as "indicative of suspicion and distrust of our allies."

The amendment to cut the European part of the program was offered by Rep. Richards (D-SC) and adopted by a teller vote of 172 to 137. There can be a roll-call vote on it later and the result may be changed.

Richards and those who backed him said the amendment would serve notice on European nations that arms help will end next June 30 unless they demonstrate determination to pull together as a team for mutual defense. If they do, he said, congress can give the rest of the money next year.

President Truman wanted the full amount to be available for use through June 30, 1951.

Native Stone Marker For Stonewall King

COLUMBIA, Mo., Aug. 18.—(AP)—A 15-ton block of native limestone will mark the grave here of Stonewall King, famed Missouri stallion.

The stone, which will be 15 feet high and three feet in diameter when dressed, is being taken from a farm 10 miles south of here. It will be placed at the grave of the stallion on the Boone county fair grounds.

It will be dedicated at the opening of the Boone County Fair Horse Show September 5.

CHECKS WATER—Shirley May France, 17-year-old Channel hopeful, experiences her first contact with the water off the Calais, France, shore from where she will start on her crossing attempt to Dover, England. Winds and bad weather have caused quite a delay in the school girl's plans so far. (NEA Telephoto)

WISSANT, France, Aug. 18 — I'm still waiting for a break in the weather so I can start on the biggest swimming adventure of my life.

I don't like waiting anywhere, but if one has to wait, this is the ideal spot. We are staying at a little hotel run by an Englishman, Mr. Davies, who fought in France in the first World War and married a French girl. Now they have nine children.

His hotel is set on the beach in this picturesque village. Cap Gris Nez, from which I'll start the actual swim, is only a couple of minutes away. Although I'm only 20 miles from Dover, it might as well be a different world.

In Dover, everybody gave me a cheery good-morning. They do the same here but it's a different language. "Bon jour," they say I've been saying, "Hiya," but my chaperone, Miss Mary Lou Walsh, who is a French teacher back home in Somerset, Mass., has been teaching me a few words so I can answer in the proper form.

Every day I learn something new about Channel swimming.

Prof. L. E. Alley To Run School

IOWA CITY, Aug. 18 — (AP) — Dr. Louis E. Alley, director of Athletics at University high school here, has accepted a one-year assignment in Rangoon, Burma, to set up a physical education program in the schools of the country. He will be connected with the University of Rangoon. Dr. Alley previously taught at Sedalia, Mo., and California, Mo.

Dr. Alley was formerly a principal of Jefferson school here.

Mrs. R. L. Thompson To Home Of Her Daughter

Mrs. R. L. Thompson, 703 West Third street, following several weeks of illness, a large portion of which was spent in the Bothwell hospital, was taken to Kansas City Tuesday evening in the McLaughlin ambulance and from there by train to Birmingham, Ala., to the home of her daughter, Mrs. Harold Rodgers to spend the winter.

Mrs. Rodgers had been with her mother here recently and accompanied her to Birmingham together with her two sons, "Pat" and Harry, the latter two having been visiting in Missouri at Hannibal.

The man of genius is less prone to mental and physical disorders than are people in general, according to the Encyclopedia Britannica.

Court Desires Early Trial

TOPEKA, Aug. 18 — (AP) — The Kansas supreme court said the state's ouster suit against Vernon C. Axton, suspended mayor of Parsons, should proceed without delay regardless of whether Axton posts \$1,000 bond toward costs in the case.

The court denied a motion by Axton to set aside its order directing that the bond be posted.

It added, however, that if Axton "does not comply with the order for deposit of costs, it shall not delay or prevent trial nor deny him an opportunity to make his defense."

At the conclusion of the hearing, the court said, it "will make an appropriate order as to whom shall pay the costs."

Axton had asked that the bond posting order be set aside on the grounds that the court had no authority to issue such an order. He also had filed a poverty affidavit showing assets of \$8,775 and liabilities of \$6,841.12.

Axton's hearing on charges of misconduct in office is scheduled to start at Parsons Sept. 12.

WOMEN! Are These Signs Warning You Of CHANGE OF LIFE?

Nervousness, a depressed, irritable, on-edge run-down feeling may be warning you of "the change." If so, worrying won't help relieve such discomforts. During this tense jittery time thousands have found Gardol to be amazingly soothing and comforting. Gardol also helps relax that horrible pent-up feeling, encouraging better sleep for added strength and vitality. Because Gardol has a stomachic tonic action, it gives grand aid in building resistance so often needed during change of life. Make "the change" as easy on you as possible. Seventeen Hurt In Bus Accident

WELLINGTON, Kas., Aug. 18 — (AP) — Seventeen passengers were injured, none critically, in a bus accident on U. S. highway 81 ten miles south of here Wednesday. The bus driver, Clarence L. Owen of Wichita, said he swerved to avoid a truck at an intersection. The bus left the pavement, struck a culvert and then a fence post.

Damage to the bus was estimated at \$200.

The north-bound Continental bus carried 31 passengers, all of whom were able to climb out of the wrecked vehicle without aid.

The injured were taken to three Wellington hospitals. Ten were treated for bruises and released.

Highway patrolman L. R. Hadsall said a 13-year-old boy, Karlton DeBuhr was driving the truck.

He is a son of Mr. and Mrs. Arlyss DeBuhr.

The boy was driving the farm truck from the home to a field across the highway. Hadsall said the boy started into the intersection, then threw the truck in reverse when he saw the bus coming.

KITCHEN TRICK

WANT A "professional" toasted sandwich? Place filling between two slices of bread, then spread outside of both sides with very soft butter or margarine. Toast in sandwich grill.

HOUSEHOLD HINT

SAVE CLOTHESLINE space by hanging clothes crosswise between the lines as well as lengthwise. Hanging sheets this way is a real space saver.

RECIPE

CRABMEAT MOUSSE

1 pkg. lemon gelatin ¼ tsp. salt
1 c. boiling water Cayenne
1 8-oz. can crabmeat 1 Tbsp. chopped green pepper
1 ½ Tbsp. minced onion ½ c. finely chopped celery
1 ½ Tbsp. prepared horseradish ½ c. salad dressing
Juice of 1 lemon ½ c. cream, whipped

Dissolve gelatin in boiling water, cool, set in refrigerator to chill. Combine crabmeat with onion, horseradish, lemon juice, salt, cayenne. When gelatin is slightly thickened, add salad dressing, whipped cream. Mix thoroughly, combine with crabmeat mixture. Add green pepper, celery and pour into oiled individual molds. Chill until set. Yich Saves Boy's Life
SHILLONG, Assam — (AP) — A Yich on the body saved a boy from being sacrificed for Goddess Kali, according to reports here. Thirteen-year-old Nirmal, son of a railway employee, was kidnapped by two hunters and taken to a dense forest in northeast Assam. He was tied to a tree while the

captors offered to the deity the five heads of young boys whom they had killed earlier. Nirmal was taken to a rivulet for a bath, but he was discarded as unfit for human sacrifice — the captors found an itch on his body. Assam armed police have been unable to find the goddess or the worshippers.

Trieste Troops Go to School
TRIESTE — (AP) — Soldiers of Trieste United States Troops will be able to attend High School courses while overseas. The 391st Infantry Regiment Educational Center has organized academic courses in algebra, English and European history, biology

and technical-vocational courses in typing and mechanical drawing. Each class meets twice a week for one and one-half hours. Sixteen weeks of satisfactory work in the courses is the equivalent of a six-month course in an American high school, says Robert C. Riggie, (Columbus, Ohio) Trust educational director.
